How Field Trips Work at PYC

PYC's spring field trips are fully funded through member-led fundraising efforts. These funds cover transportation, activities, and meals, helping us keep trips affordable and accessible for all youth.

To be eligible to attend, each youth must complete a minimum of four hours at a PYC fundraiser. Opportunities will be offered during regular program hours as well as on select weekends and weekdays over the coming months, giving everyone ample time to meet the requirement.

Thank you for supporting these valuable experiences for our members.
