COUNCIL CORNER

Key Notes From Sept 14, 2026 Council Meeting

CAO Report:

- Melcor new subdivision is proceeding well with deep services in and the roadway now near completion. Lots will be available this fall
- A second subdivision is underway for the park area. We are now pushing to have earth work done this fall before freeze up.
- Intermunicipal Collaborative Framework (ICF) discussions are occurring with Red Deer County.
- Joint Use Planning Agreement (JUPA) is in discussion with the school division. Updating agreement to align with the recent school act changes.

Multiplex Report

- Fall programming is ramping into full swing with numerous programs running, and ice usage
- The concession is now open first impression has been good.
- Volleyball tryouts are occurring this month.
- Pickleball is starting up this month.

Operations Report

- Asphalt patch work is expected to occur towards the end of September around town.
- Working on getting a contractor for storm water pipe burst down Minto Street; adjacent residents may experience some minor disruption. This work is tentatively planned for October / November.

New Business

- Multiplex: Kids Kingdom has renewed their lease for 3 more years. Special thank you to Paula for her ongoing commitment to our community.
- The old Public Works Shop has been leased out starting in October. Monarch Earthworks will be moving into this building area for a 3-year lease agreement.

Council Round Table

- Council is asking for a review of the fees/costs for electronic registration at the RV Park.
- Oct 7 there is a regional meeting with councils at Innisfail Library to discuss the regional sewer system outcomes from the Alberta Utilities Board decision.
- Fall Festival was a great success. A special thanks was made to staff and volunteers who made this event the success it was.

Key Notes From Sept 28, 2026, Council Meeting

CAO Report

- Melcor's new subdivision is ready for concrete & paving; these lots will provide single family & duplex style options
- As of Sept there has been 21 new house builds to date. Melcor has 6 lots remaining and Laebon has 14 lots remaining.
- Work continues with Red Deer County on a new funding formula for current built capital funding.
- Work continues on the Joint Use Planning Agreement (JUPA) and with Chinooks Edge School Division.

Community Services Report

- Discovery Night is a great way for newcomers to connect in Penhold.
- PYC has a new team member; welcome Miss Emily to the team.
- Fall Festival was once again a great success. Even with the cool and windy weather struggles on Friday evening, Saturday turned out to be a nice day for all to enjoy. A special thanks to all who made this a great success.
- The Town will be seeing some changes coming to our website communications coming in 2027.

Fire & Protective Services

- A follow up on Penhold's Growth Strategy report is slated to be released in Spring of 2027.

New Business

- Tax Sale: Council asked Administration to proceed with a tax sale for two manufactured homes. The tax sale is scheduled for Oct 26.
- Memorial Hall Inspection: Report Council moved that administration present the report to the Committee for discussion and provide recommendations at a Council meeting.

Council Round Table

- Council requested a letter be sent to Alberta Infrastructure to obtain clarity as to who is responsible for the removal, and when will the old school building be removed.

Respectfully,

Mayor Mike Yargeau

Upcoming Council Meetings:

Tuesday October 13, 2026 & Monday October 26, 2026 (+Organizational Meeting)

Meetings begin at 6:00 p.m. in person & are livestreamed through the Town of Penhold website. The Town of Penhold Council Meetings are now being recorded and will be made available for viewing on the Town of Penhold YouTube channel by midweek following each meeting. The recordings will be available for viewing until the day of next Regular Council Meeting.

Congratulations Councillor Tyrone Muller

Alberta Municipalities Award of Excellence

Recognizing outstanding Civic Leadership by either present or past Municipal Elected Officials who have held office for at least four years in Alberta.

Tyrone Muller Town of Penhold

Tyrone Muller has served Penhold with integrity, thoughtful leadership, and a strong commitment to community for over 10 years. As a councillor and Chair of the Municipal Planning Department, he has championed responsible growth, long-term planning, housing, local business opportunities, and regional collaboration.

His leadership has extended across Alberta through regional boards, provincial discussions, and participation at the Alberta Municipalities Convention, where he shared Penhold's work on innovative net-zero infrastructure approaches. Beyond Council, Tyrone has contributed to Citizens on Patrol, the Bark Park Project, and many community events. His principled leadership, approachable nature and willingness to listen have helped build trust and have left a lasting impact on his community.

Congratulations, Tyrone!

OPERATIONS

YARD WASTE BINS ARE OPEN

Yard Waste Compost

Bins are scheduled to be open until the end of October, (weather dependant). Bins are located at the public services building located north of Hwy 42, across from the Oxford Water Reservoir. Each bin has a designated list of acceptable materials.

Please take a moment to check the signage and place your yard waste in the appropriate bin. Accepted items include grass clippings, leaves, and branches (no longer than 4 feet or 1 inch in diameter). Grass must be dumped out of garbage bags and into the designated bin.

NO BAGS, GARBAGE OR ANIMAL FECES is to be placed in the yard waste compost bins

Please be considerate, removing bags after they are in the bins is labour intensive. Please don't add to already full bins, they get checked and emptied on a regular basis. This is a great service to have, please help us keep it available!

The anticipated closing date for the Yard Waste Compost bins will be October 30, 2026. Please note that this date is weather dependant.

Sani Dump: The anticipated closing date of the Sani dump is October 30, 2026. Please note this date is weather dependant.

Sign up for
E-News to get
Street
Sweeping
Notices
by email

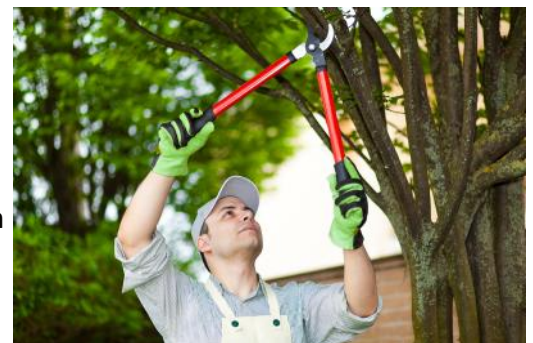

Street Sweeping

The Operations Department does a minimum of two thorough street sweeps a year. This means that streets are signed for no parking during the day so that the sweeper can get the entire area. The fall street sweeping campaign has begun so please be aware of the no parking signs.

Prune Your Elm Tree

Pruning is one of the most important ways we can help an Elm tree. With the threat of Dutch Elm Disease, elm trees require special considerations for pruning and Elm tree branches are not accepted at the compost bins.

Unlike many other tree species, pruning must be done at a very specific time of year. Open wounds attract the Elm Bark Beetle (the major vector for Dutch Elm Disease), **pruning should be done between October 1st and March 31st.**

Water Line Flushing

Operations will be doing their Fall water line flushing throughout Town. This process may cause you to experience dirty water. To clear your lines please let your cold-water tap run until clear. If the problem persists, please give us a call at 403-886-3282.

Christmas Lights on Trees on Boulevards

Some residents enjoy decorating trees within the boulevards with lights. This is acceptable; however, we ask that if residents choose to do this, they remove the Christmas lights off the trees prior to March 1st the following spring.

Where does your sump pump drain?

We are asking all residents to help in protecting our community spaces by ensuring your sump pumps are compliant with the Utility Bylaw 833/2024. Discharging sump pump water into parks, green spaces, sidewalks, or storm sewers is not allowed.

Why it matters:

- Erodes and damages property
- Creates standing water and slippery hazards on sidewalks
- Overloads our storm system when water is drained illegally into sewers
- Increases maintenance costs for everyone
- Can pose safety risks for kids, pets, and other residents

With the recent dry weather, it's been easier to spot where sump pumps are draining onto public property — and it's causing noticeable damage. Town staff have found several instances of buried discharge lines where sink holes are now evident.

If you have your sump pump routed underground from your home or business, please redirect the line onto your own property, so that it is in accordance with Town bylaws. Staff will continue monitoring and following up on violations, which may result in enforcement action or fines.

A large blue recycling bin is the central focus. Above it, a circular graphic with a light blue background and a green bokeh border contains several smaller circular images of recyclable items: two white plastic bottles (one with a red cap), a brown paper bag, a metal can, a white cup, a brown paper cup, a white bowl, a white jar, and a brown glass bottle. The bin itself has a white recycling symbol and the words 'RECYCLE' and 'READY' on its side.

Glass containers, clear & coloured glass, food, jars & bottles containers, cosmetic containers, spice bottles, oil and vinegar bottles. **Rule:** Empty, lids & caps off.

Community Support Drives Progress for New Penhold Dog Park

The Penhold Community Leaders Society (PCLS) is celebrating significant progress on Penhold's new 9.2-acre dog park, made possible through the support of local businesses, organizations, volunteers and community members.

Phase 1 of the project, located east of the new Public Services Building on Waskasoo Avenue, is nearing completion. To date, the site has been levelled and prepared, more than two acres have been fenced, over 70 trees have been planted, and the access road and parking area have been completed. A walking trail is scheduled for completion this fall.

"The support we have received has been incredible," said PCLS Chairperson Tyrone Muller. "Every donation, sponsorship and volunteer hour has helped move this

project forward. This dog park is being built by the community, for the community, and we are grateful to everyone who has played a part."

Fundraising is now underway for Phase 2, which will add amenities including benches, picnic tables, garbage and pet waste receptacles, and portable washroom facilities.

The Society's next fundraiser will be a Charity Poker Fundraiser Event in early 2027. Proceeds raised at the event will support the continued development of the dog park. Additional sponsors and donors are also welcome as work continues toward a planned Grand Opening event in Spring 2027.

The Society thanks everyone who has contributed to creating a new community space where residents and their dogs can gather, connect and enjoy the outdoors.

PCLS gratefully acknowledges the sponsors and partners who have helped make the project possible:

FIRE & PROTECTIVE SERVICES

PEDESTRIANS

Pedestrians represented 17% of motor vehicle collision deaths in 2020.¹⁸ That's why it is so important to be a careful pedestrian.

IMPROVE YOUR VISIBILITY

- Make eye contact with drivers if you are going to cross in front of them at an intersection
- Wear light or reflective clothing at night
- Walk facing oncoming traffic if there are no sidewalks

POOR JUDGEMENT

- Never cross an intersection against a red light
- Don't use cell phones or smart phones when crossing streets
- Teach your young children how to walk safely near traffic

To learn more, please visit: [Pedestrian safety | ontario.ca](https://www.ontario.ca/pedestrian-safety)

Safe Charging Is a **SUPERPOWER**

Charge into Fire Safety™

Safe charging means making smart choices every time you plug in. Everyday charging habits can help prevent lithium-ion battery fires.

Safe charging is a SUPERPOWER!

USE YOUR CHARGING SUPERPOWERS

CHEAP CHARGER? DON'T CHANCE IT.

Use the cord and charger that came with your device or one approved by the manufacturer.

Why it matters: Using the wrong charger can damage the battery and increase the chance of fire. Cheap or off-brand chargers may not meet important safety standards.

SOFT SURFACE? HARD PASS.

Charge on a hard, flat surface like a table, desk, or bare floor.

Why it matters: Devices and chargers create heat during normal charging. Soft surfaces like beds, pillows, and couches can trap heat and block airflow, which can cause a battery to overheat.

FEELS HOT? STOP USING IT.

Stop using your device if it feels very hot, starts to swell, smells strange, leaks, smokes, or makes popping or hissing sounds.

Why it matters: A damaged battery can overheat and start a fire.

FULLY CHARGED? TIME TO UNPLUG.

Unplug your device when it is fully charged.

Why it matters: Leaving a device plugged in can increase heat and stress on the battery.

FOR TOOLS AND RIDES, CHARGE OUTSIDE.

Charge large items like e-bikes, scooters, and power tools outside when possible. Do not block exits when charging.

Why it matters: These batteries are larger and store more energy. Fires can grow quickly if the battery fails.

OUT OF SIGHT? NOT IN FLIGHT.

When on a plane, keep devices where you can see them while charging. Do not charge e-cigarettes or vapes on the plane. Tell a flight attendant if you notice a problem with your device, such as if it feels very hot, starts to swell, is smoking, or has a strange smell.

Why it matters: If a battery overheats or fails, it is important for the flight crew to be able to respond quickly.

— Working smoke alarms and a home fire escape plan can help make a life-saving difference. —

BATTERY SAFETY STARTS BEFORE YOU PLUG IN

Buy products listed by a nationally recognized testing laboratory, such as UL, ETL, or CSA.* Listed products meet important safety standards.
