

October 2025 Penhold Youth Club Newsletter

Decorating Donuts with grades 4-6

A MESSAGE FROM STAFF

What a Fantastic Start to the Season at PYC!
We've had a great first month at the Penhold Youth Club and are thrilled to see so many returning youth, as well as welcome new faces to our program!

Is It Too Late to Register?

A question we often receive is, "Is it too late for my child to join PYC?" The answer is — not at all! Registration is open year-round, so it's never too late to sign up. If you haven't registered yet, there's still plenty of time to get involved.

Welcome, Emily!

We're excited to introduce Emily, the newest member of the PYC team! Emily will be working closely with our Grade 4-6 group on Wednesdays and Fridays. She brings a wealth of experience and a passion for art and theatre that we know will inspire our youth. Welcome, Emily!

Field Trip Planning is Underway!

This month, we'll begin discussions about our upcoming field trip. At PYC, youth vote on the destination, and then we work together to fundraise for the experience. This voting process takes a few weeks to ensure that as many participants as possible have the opportunity to be involved. Voting will begin on September 29 and will likely continue into November.

Fundraising & Participation

To participate in the trip, youth are required to complete 4 hours of volunteer time through PYC fundraisers. These events cover the costs of our trips, making them accessible for all families. While participation in fundraising is optional, only those who contribute the required hours will be eligible to attend the trip.

Fundraising opportunities are offered throughout the year, including during regular program hours — so there are multiple chances to get involved!

First Fundraiser: Fright Night
We're kicking off the season with our first fundraiser — Fright Night! A huge thank you to the Wolfe family for selecting PYC as this year's charity recipient. We're grateful for the support!
