

Town of Penhold – Council Media Release

Highlights

From January 9th, 2017 Council Meeting

Administration identified that they are moving forward with the water reservoir. A meeting was held to review the pre-designed layouts. The plans will be forwarded for review by the end of January. Tendering is set for February.

Penhold Multiplex:

Penhold Fitness Centre will be launching its 24-hour workout option effective January 15th. Fitness classes are being offered with the opportunity for all ages to participate. The multiplex was host to over 155,000 patrons over the past year. This is a great response to the programs running within the complex.

Have you noticed a change on Twitter or Facebook? Penhold now has a person who regularly monitors our social media. We are attempting to reply quickly to media inquiries. Have a question? Wanting to be in the know? Check out the Town's Twitter account.

Public Works:

With winter settled in the public works team are ramping up the snow removal. Priority One routes have now been completed; focus is now on Priority Two and once completed Priority Three. If we receive an accumulation of snow of 15 cm before Priority Three is completed then Priority One will become our main focus. (See map on the website for priority listing) Intersections are being monitored and sanded as needed.

PLEASE REMEMBER: When streets are signed for snow removal please be sure to have your vehicle off the street so the work can be done quickly and efficiently.

4th Quarter Budget Report:

Over the past year's work with projects and the regular operations, the financial budget year-end shows astute planning and strong control for our yearly operations.

Council requested that Mr. Stewart Ford's name be forwarded as a nomination for The Alberta Order of Excellence 2017. Mr. Ford is a long time resident of Penhold, with a vast array of business background and much contribution to the community over the years.

Council requested a letter be sent to Premier Notley expressing concern over the carbon tax with the impacts and uncertainty it brings.

"DID YOU KNOW" that Penhold was shown in the Canadian Fabricating & Welding magazine with Hawk Welding showing our new garbage receptacles.

For complete reports and information on this meeting please visit the Town of Penhold website: [www.townofpenhold.ca/Council Briefing.php](http://www.townofpenhold.ca/Council_Briefing.php).

Council Meetings:

Regular Council Meetings are held the 2nd & 4th Monday of each month starting at 6:00PM. They are open to the public and questions are welcome at the end of each meeting.
